

SCiNDU: Systems & Computational Neuroscience Down Under

Joint meeting with the 2017 QBI Plasticity Workshop and the 10th Australasian Workshop on Neuro-Engineering and Computational Neuroscience

Wednesday 13th–Friday 15th December, 2017

Queensland Brain Institute, The University of Queensland, Brisbane, Australia

Further information and Registration at: www.qbi.uq.edu.au/scindu

Abstract submission and early registration deadline: **October 1st**

Speakers include:

Polina Anikeeva (MIT)

Bernard Balleine (UNSW)

Daphne Bavelier (U Geneva)

John Bekkers (ANU)

Kwabena Boahen (Stanford)

Tobias Bonhoeffer
(Max Planck Martinsried)

Rosa Cossart (INMED Marseille)

Kenji Doya (Okinawa)

Adrienne Fairhall
(U Washington)

Marta Garrido (U Queensland)

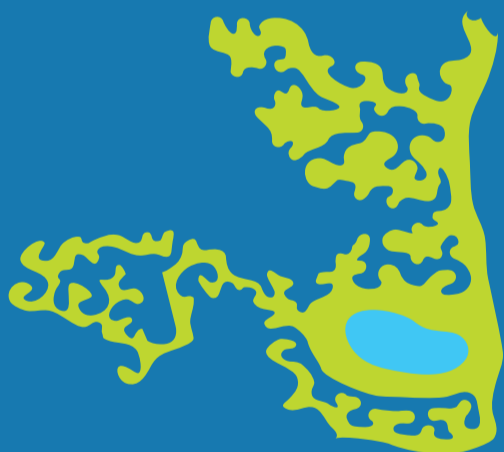

Geoff Goodhill (U Queensland)

Alex Pouget (U Geneva)

Pankaj Sah (U Queensland)

Andre van Schaik
(Western Sydney)

Rafael Yuste (Columbia)

On December 13th the conference will be preceded by tutorials including:

Rafael Yuste: Imaging the function of neural circuits

Alex Pouget: Probabilistic models of decision making

Kwabena Boahen: Neuromorphic Computing
